

Connect with Auction Venues Across Japan – with

AI-NET

Easier. Faster. More Convenient – All Online.

What is AI-NET?

AI-NET is a members-only online auction platform for listing, adjusting, bidding (including real-time), and checking market prices for used trucks, passenger cars, construction and agricultural machinery, forklifts, motorcycles and parts.

It connects to all Arai Auction venues and nationwide partner auctions, providing real-time access to a wide range of inventory.

24/7 access via PC, smartphone, or tablet

Complete support from listing to bidding, and transport

Covers passenger cars, trucks, machinery, parts, and more

Perfect for domestic sales and overseas sourcing

The 4 Strengths of AI-NET

✓ Cost Advantage

- Lowest bid fees in the industry (via Arai Auction)
- No in-person visit needed – save time and costs

✓ Convenient All-in-One Features

- From listing to bidding and transport – all online

✓ Wide Inventory & Easy Search

- One of the largest inventories in the industry
- Nationwide search & bid on one platform

✓ Global Compatibility

- Multilingual support (Japanese & English) for foreign users

What You Can Do with AI-NET

For Sellers

Listing Registration

List your vehicles online with Arai Auction; no handwritten forms are required.

Listing Adjustments

(Premium Plan only)

Adjust listings remotely without attending the venue – save time and reduce operational costs.

AA Stock Listing

List unsold vehicles at a fixed price anytime without waiting for the next auction. Never miss a selling opportunity.

Store Inventory Listing

List your store inventory 24/7 at no cost. Fixed-price listings make it easy to sell and expand your sales channels.

* Vehicle inspection and photo upload required.

* A contract fee applies upon sale.

For Buyers

Web Bidding

Place absentee bids at Arai Auction and partner auctions from any internet-connected device. *Bidding deadlines apply. Fees and availability may vary by venue and plan.

Live Bidding

(Premium Plan only)

Join live auctions in real time from anywhere—home or office.

AA Stock Purchase

Buy unsold vehicles at a fixed price anytime during the listing period from Arai Auction or partner venues.

Shared Stock Purchase

Access 50,000+ partner-listed vehicles (e.g., JU Tentori, Σ Stock One Price) available for purchase 24/7.

Other Useful Features

Auction market price search

Favorite listings

Saved searches and filters

Manage listings and purchases

Check transaction history (vehicles, parts, etc.)

View live auction progress

Generate estimates and invoices

Request transport, negotiate deals, and submit/manage document or name transfer requests, etc.

How to Get Started

To use AI-NET, you must be a registered member of Arai Auction. If you are not yet a member, you cannot apply for AI-NET. Members of partner auctions will need to apply for AI-NET registration separately.

Market Price Search	×	Limited (within 3 months, successful bids only)	◎
Premium Market Price Search	×	×	Unlimited (includes up to 2 years & unsold vehicles)
Absentee(Proxy) Bidding	×	◎	◎
Real-Time Bidding	×	×	◎
Listing Adjustment	×	×	◎
Monthly Fee	¥ 0	¥ 2,000 (excl. tax)	¥ 12,000 (excl. tax)
Payment Method	Credit Card	Credit Card	Credit Card
Registration	Free	Free	Free
Best For	Those who want to try basic features like My Page (listing registration, quote checking) for free	Those who want to search listings and use absentee(Proxy) bidding	Those who want to use all features including real-time bidding from the office or on the go

For more details, please visit the AI-NET website 🖱️ <https://www.araiaa.jp/ainet/>

AI-NET Mobile

AI-NET is also compatible with smartphones and tablets! With the dedicated app "AI-NET Mobile," you can easily manage listings, track winning bids, request vehicle inspections, and submit business proposals.

It also supports QR code vehicle verification, allowing for quick and easy operations on-site. The app is free to download and install, and it's available for both iOS and Android.

Additionally, we plan to continue releasing new AI-NET Mobile services with future updates.

List & bid anytime, anywhere, right in your hand!
